Govt seal on Adani for Dharavi redevpt

First Few Bldgs Likely By 2024 Lok Sabha Polls

Clara.Lewis@timesgroup.com

Mumbai: Adani Properties Ltd was formally appointed the lead developer for the Dharavi redevelopment project on Thursday with the state housing department issuing a Government Resolution.

The government is keen to kickstart the beleaguered project and ensure at least a few buildings come up before the 2024 Lok Sabha elections, sources said. The first ones are likely to be on 40 of the 47 acres of railway land purchased for Rs 3,800 crore and added to the project.

Deputy CM Devendra Fadnavis who was handling the housing portfolio cleared the GR a day before he handed over charge to his colleague Atul Save on Friday.

First ones are likely to be on 40 of the 47 acres of railway land

The first redevelopment project was taken up in Dharavi in 1997 under the Prime Minister's Grant Programme. In 2004, Dharavi was declared a vital infrastructure project. Tenders had been invited five times since.

"Now that the government has issued the GR, we shall issue the Letter of Award shortly," said SVR Srinivas, in-charge, Dharavi Redevelopment Project Authority (DRPA).

The GR specifies the developer be issued the Letter of Award only after the firm puts in Rs 400 crore. DRPA and Slum Rehabilitation Authority (SRA) will now form a special purpose vehicle (SPV) with lead developer Adani for execution of the project. The government will invest Rs 100 crore in the SPV and hold 20% equity.

The SPV has to deposit 25% of the Ready Reckoner Rate as premium for the slum land to be redeveloped. The BMC is the largest landowner in Dharavi, owning up to 61% of the area, the state government and private owners have 18% each and the railways owns 3%. Each of the landowners will be paid 70% from the premium collected. Adani had bid Rs 5,069 crore, the highest among three for the project in 2022. The state cabinet approved awarding of the contract to Adani in December 2022, but the issue of the GR was delayed after the controversy over short-seller Hindenburg's report on Adani shares.

Besides owning 18% of Dharavi, the state government also paid Rs 800 crore for the railway land. Another Rs 300 crore was to be paid by this April. Besides, the railways will be given Rs 2,800 crore in profit-sharing and its staff quarters will be redeveloped for free. The SRA had been asked to provide Rs 300 crore as loan, of which Rs 200 crore was to be paid to the railways and Rs 100 crore as equity for the SPV. Officials said the money will be paid soon.

"Around 40 acres of railway land is being made available. This land is largely vacant, and the first rehab buildings will come up on this plot. Thus, slum dwellers will be moved directly into the rehab tenements without having to move into transit camps. The topography survey and the household survey will be carried out alongside construction of rehab tenements," said sources. The household survey is required to find out the number of slum dwellers eligible for free housing. The last survey showed there are around 58,000 eligible slum dwellers and an equal number of ineligible slum dwellers.

DCP (Zone II) Shilwant Nandekar confirmed Mankape's arrest. "The complaint (related to the scam) by the two special auditors was specific. The custody of the accused is a must for reaching the depth of the scam," he said.

A probe into the scam also revealed that the management of the society had "exploited" its staffers to convince people to open accounts and fixed deposits. A woman staffer has approached the police stating that her marriage has been postponed, as the people who had opened accounts with the society and deposited money on her request were "creating scenes in front of her house almost every day".

The woman said she was currently staying at her uncle's place and her family feared that the marriage might be called off. She told TOI, "I am being publicly humiliated by the depositors, who want me to repay the deposits ranging from Rs 15 lakh to Rs 20 lakh."

Credit society chairman held in ₹200cr scam case

Chhatrapati Sambhajinagar: Police on Friday night arrested Ambadas Mankape, chairman of the Adarsh Mahila Nagari Sahkari Patsanstha and an accused in the alleged bungling of Rs 200 crore in the co-operative credit society through irregularities, cheating and siphoning off of depositors' money between 2006 and 2023.

DCP (Zone II) Shilwant Nandekar confirmed Mankape's arrest. "The complaint (related to the scam) by the two special auditors was specific. The custody of the accused is a must for reaching the depth of the scam," he said.

Medical admission process for all seats to begin on July 20

Yogita.Rao@timesgroup.com

Mumbai: The counselling process for medical and dental courses in the country will tentatively commence from July 20.

Laying all doubts to rest about a centralised counselling in the country, the Directorate General of Health Services' (DGHS) Medical Counselling Committee (MCC), on Friday released a tentative schedule for MBBS/BDS counselling in all-India quota seats.

The notification mentions nothing about the states. It will be the same as last year, but there is a possibility of an overlap in the schedules for all-India and state seats, said an official from the Ministry of Health and Family Welfare.

The notification released by the MCC mentioned that it was a tentative schedule for online counselling for NEET-UG in seats from all-India quota, deemed, central universities, all AIIMS institutes and JIPMER.

While verification of the tentative seat matrix by the participating institutes will be done on July 20 and 21, for students, registration will commence on July 20 and choice filling on July 22.

After the National Medical Commission (NMC) moot ed centralised counselling in a gazette notification in June, students and parents applauded the move and were looking forward to it.

A centralised process will save students from the anxiety of a highly-stressful admission process and also bring in more transparency. However, a ministry official later said that even if the all-India process included states, it would be voluntary in the first year. The official had mentioned that the Centre is in talks with state counselling authorities to understand their process and reservations and include it all in one software.

The confusion continued for some time as the Centre did not release any schedule even a month after the NEET-UG results were out. Friday's notification, though clarifies that there will be no centralised process, it still does not mention anything about the state's admission schedule.

Dr Milind Navlakhe, parent of an aspirant, said there has been confusion throughout. The ministry official, however, said DGHS conducts admission rounds only for all-India quota seats and state's schedule will probably be announced by NMC this time.

40-yr-old gets life term for raping minor daughter

Rebecca.Samervel@timesgroup.com

Mumbai: Even as the victim and her mother turned hostile, observing that a father is the first man in a girl's life that she will intimately know, setting the standard for all other men in her life, hence, the act of the accused of repeatedly raping his 8-year-old daughter in 2020, was a betrayal of one's faith in humanity, a special Pocso court on Wednesday convicted and sentenced a 40-year-old sanitation worker to life imprisonment for the remainder of his natural life.

"In almost every culture, father primarily has role of a protector, provider, disciplinarian. The father-daughter relationship plays a vital role in a girl's journey to adulthood...The victim is a young girl of barely 8 years and the accused is father, it is a clear case of 'protector turning predator'. Hence, the degree of the act committed by accused is graver and rare, therefore it attracts deterrent punishment of imprisonment for life," special judge Nazera S Shaikh said.

While the mother had initially told the cops that she had caught the accused red handed, in court both her daughter and she resiled from their statement, submitting that in his absence they had to beg for living and could not pay rent. The judge relied on medical evidence which showed that the child suffered injuries to her private parts and blood from the accused's clothes matched the spots found on her clothes.

"It may be due to familial pressure, societal stigma, trauma of the abuse or fear of accused that, victim and informant hails from testifying against accused. However, corroboration of the complaint in the form of medical evidence proves penetrative sexual assault on the victim," special judge said.

In a 20-page judgment copy, the judge further said that usually when the assailant is closely related, the parties restrain themselves from deposing against him.

The judge pointed out that the DNA analysis found that blood found on the underwear and frock of victim and that from the gant of accused matched.
